

CV Prof. Valerio Cozzani

Valerio Cozzani is Professor and Director of academic programs in Chemical Engineering at University of Bologna. He received a MSc in Chemical Engineering and a PhD in Chemical Engineering from University of Pisa, in Italy. He was research fellow at the Major Accident Hazards Bureau, ISIS, EC Joint Research Centre, and Lecturer at the Faculty of Engineering of Pisa University.

At University of Bologna he leads the laboratory of industrial safety and environmental sustainability, affiliated to the IChemE Safety Centre and coordinates several courses for professionals in the fields of industrial safety and design of Oil&Gas facilities.

He has about 20 years of research experience in the fields of risk analysis and safety assessment, sustainable design and technology innovation in chemical processes. He coauthored more than 130 peer-reviewed publications.

Prof. Cozzani is Associate Editor of Safety Science, member of the Editorial Boards of the Journal of Hazardous Materials and of the Journal of Loss Prevention in the Process Industries, chair of the ESRA Technical Committee on Chemical and Process Industry, member of the executive board of the European Technology Platform on Industrial Safety and Italian Delegate in the EFCE Working Party on Loss Prevention in the Process Industry.
